[Volume] Exo 1. 160ml*4ea / Exo 2. 7ml*4ea [Function] Hydration & Wrinkle Care Functional Cosmetics

General Information

- 508,000ppm High-Purity -

508,000ppm of high-purity salmon PDRN, this formula promotes DNA synthesis, reinforces the skin barrier to retain moisture and nutrients, while enhancing elasticity, and improving dermal aging.

- Hyaluronic Acid Complex -

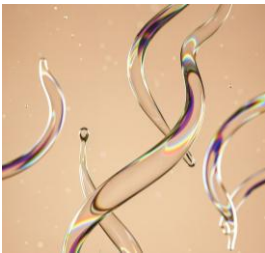

An advanced complex of 8 types of hyaluronic acids and a collagen-boosting peptide. High, Medium, and Low molecular weight HA that form a lasting moisture barrier, repair UV-induced damage, and reduces pores.

- Hydration & Protein Complex -

Revitalizing and activating complex of Biosaccharide Gum-1 and 19 types of amino acids to shield the skin from external irritants, while supplying deep hydration and restoring skin health and balance.

Key Ingredients

50.8% SALMON PDRN

Salmon PDRN is 95% similar to human DNA, it **activates skin recovery** (via fibroblast growth), **new cell production**, and immune system strengthening.

PALMITYOL
TRIPEPTIDE-5

A collagen-boosting peptide that **strengthens the skin by increasing collagen synthesis** in fibroblast cells.

BIOSACCHARIDE GUM-1
& 19 AMINO ACIDS

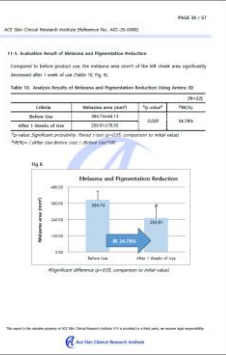

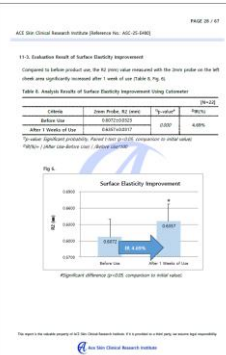

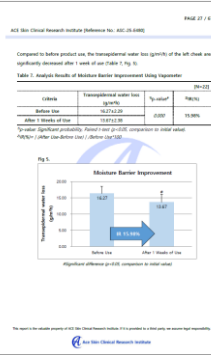

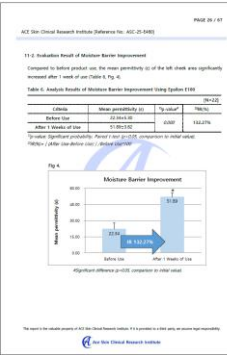

A complex of long-lasting moisture and anti-aging, combined to **skin structure supporting proteins** for hydration balance and repair.

Skin moisture
barrier +132%

Transepidermal
water loss -15%

+4%

Pigmentation
decrease -34%

Ideal For

- ✓ Ideal to brighten, intensively hydrate, and restore elasticity to the deep skin tissues.
- ✓ A long-term skin health improvement care and anti-aging journey.
- ✓ For skin re-activation, rejuvenation, and regeneration.
- ✓ Intensive Hydration | Elasticity & Texture | Anti-aging Care
